Dear Mr Burt,

I am writing to express my complete satisfaction with the publicity gained from the Black Pear web site, set up & maintained by Net Secrets.

You are aware that Whiteaway Laidlaw Bank does not advertise its service in any way, but relies on personal recommendation to clients regarding the bank's services to the SME business community.

As a result of being a member of Black Pear Chapter of BNI, the web site set up has enabled me to obtain a greater profile for the Bank. Indeed, the Bank itself has recently launched its own web site, but as testament to the skills of your company & staff, my personal 'Whiteaway Laidlaw site' still remains as the No 1 result of searches on the bank, with the actual official bank site at No. 2.

Many thanks.

Yours sincerely

Gareth Evans
Regional Business manager
