Dear Tony,

TESTIMONIAL TO YOUR EXCELLENT SERVICES

Sincere thanks for the excellent work that you have done in significantly raising the standard of the ProjExc websites, and our search engine rating. We are delighted with the improvement that you've made, particularly in raising our Google visibility from around 320 to the top 3. For that reason alone we have had no hesitation in renewing our annual support and promotion agreement.

I also wish to express genuine thanks in getting our new blog up and running, looking like our other sites, and making it so easy for us to use. We are already receiving great interest, and of course telling those who ask where to go for their business blogs.

If you have any client who wants a reference, do pass them my contact details as I would be delighted to take their call.

Yours sincerely

John Williams
Managing Director
